

Raymond Ho

Assignment 1: Project Plan Repository

GAME-10033

Underwater Environment

- Theme: exploring an Underwater environment
- Objects: Fish, Bubbles, Seaweed, Rocks

Interaction: Arrow Keys move the fish
Bubbles Float upward

Pros: Easy Movement Mechanics, Easy Shapes, fits environment well, room for additional sea creatures

Space Explorer

- Theme: A Spaceship travels through space

Objects: Spaceship, Stars, Planets and asteroids

Interaction: Ship moves around the screen, and asteroids fly across space

- Pros: Simple Shapes, Lots of room, easy background design, visual contrast between space and planets

Haunted House

- Theme: a ghost explores a spooky location

Objects: Ghost, Moon, Haunted House, Trees

Interaction: Ghosts floats Around, Moonlight helps with atmosphere

Pros: Fun Visual Theme, opportunity for interesting effects, fits halloween aesthetic

Forest Camp

- Theme: A Campsite in the woods

Objects: Tent, trees, campfire, Logs

Interaction: Character Moves around Camp, Fire animation flickers

Pros: Natural outdoor setting, campfire provides animation opportunities, relaxing visual design

City Skyline

- Theme: a city landscape

Objects: Buildings, Clouds, Sun, Road

Interaction: Clouds move across the sky, Daylight effects can be added

Pros: Easy shapes to draw, buildings can be created with rectangles, clean layout, easy to add moving clouds, real life inspiration could help make planning easier.

Final Choice: Underwater Adventure

- Reason for selection:

Uses simple shapes and animations

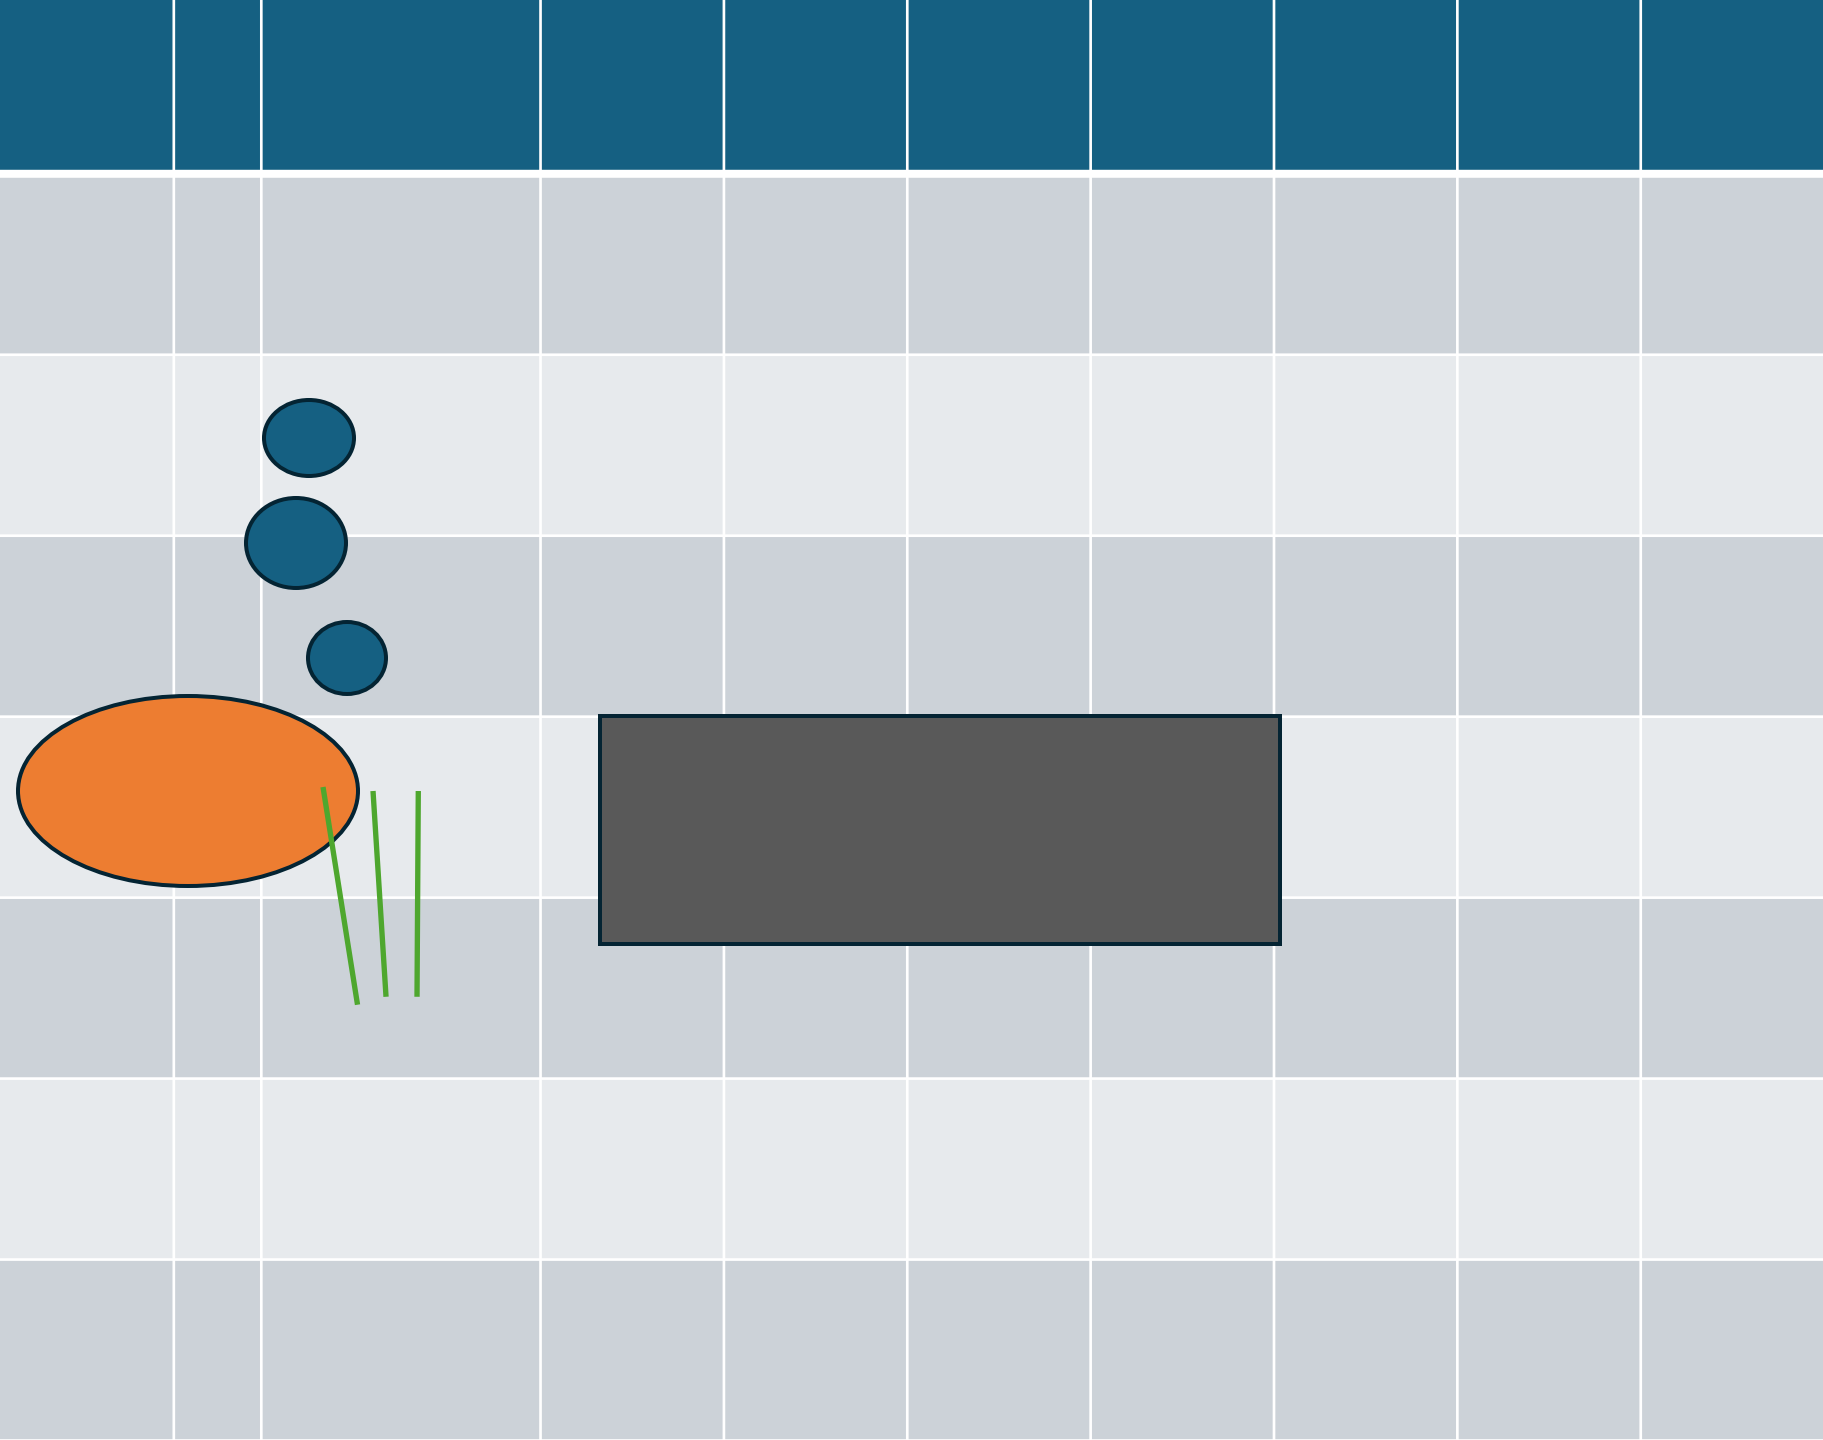

Easy to create using a 2d drawing project

Fish Movement is straightforward

Bubble animation makes scene feel alive

Allows for creativity, and is manageable

Simplicity

Oval = Fish

Small Circles = Bubbles

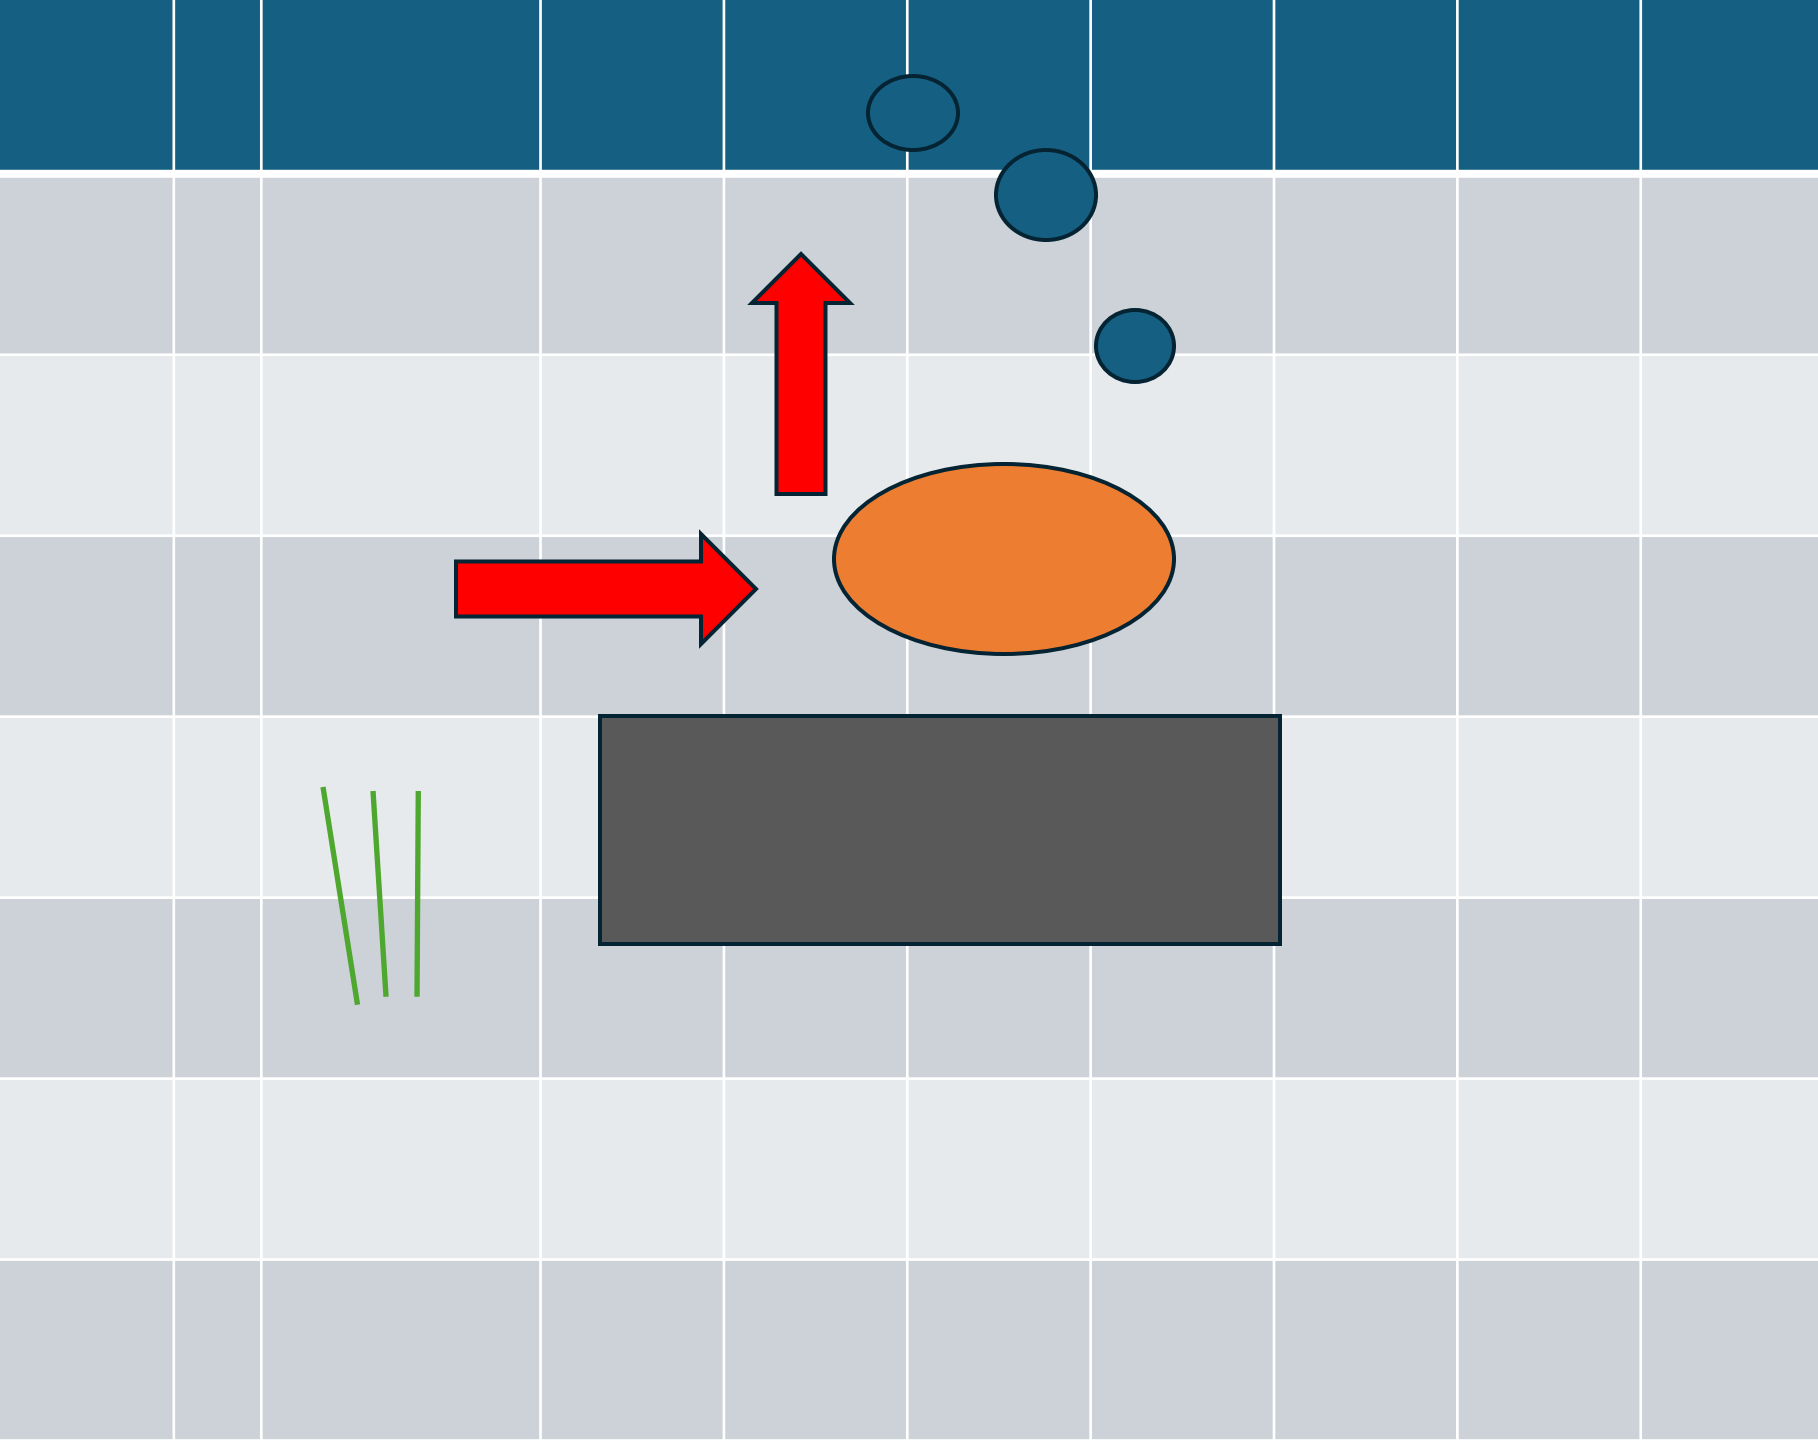

Rectangle = Rock

Lines = Seaweed

**1. Fish moves left
and right. Using
arrow keys**

**2. Bubbles
continuously rise
toward the surface.**

**3. Rock and
seaweed are
stationary objects.**

- 1. Fish moves right when the right arrow key is pressed.**
- 2. Bubbles rise toward the surface, following fish**
- 3. Rock serves as an obstacle**
- 4. Seaweed is a decoration. Stationary.**
